CEO Unveiled: What It Takes to Lead a Company

In 2024 we had fortune of associating with CEO: Alokanda Chatterjee. She believed in Education is foundation of development and investing in it is crucial.

The school system in Uttar Pradesh still faces challenges with qualified educators. In 2021-22, the proportion of trained teachers in the state was 87.59% for upper primary, lower than the national average of 90.52%, and 87.38% for primary, compared to the national average of 91.4%. Additionally, the school dropout rate remains a concern, especially among female students. Therefore, enhancing Uttar Pradesh's educational infrastructure is essential for the state's overall progress. Education is the foundation of development, making investment in education increasingly crucial.

The Key achievement that are being taken care by our CEO in 2024-2025:

1. Teacher Training and Quality

Uttar Pradesh's educational system faces significant challenges regarding teacher qualifications. The proportion of trained teachers in the state stands at 87.59% for upper primary levels and 87.38% for primary levels. This is notably below the national averages of 90.52% and 91.4%, respectively. The disparity highlights a critical gap in educational quality and suggests the need for enhanced teacher training programs and better support systems for educators.

2. School Dropout Rates

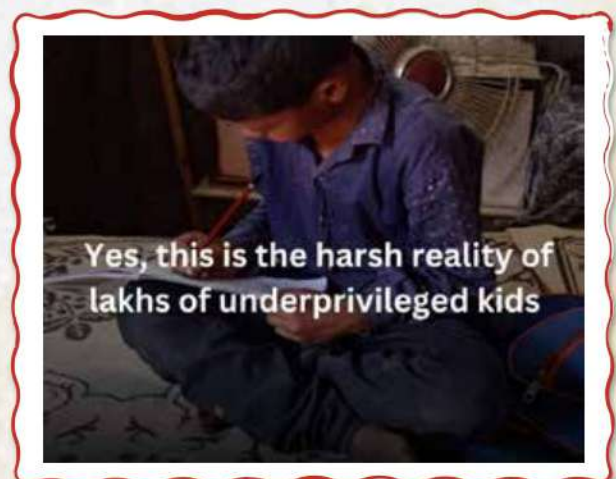

The school dropout rate, particularly among female students, remains a significant concern. High dropout rates undermine the overall educational attainment and prospects for students.

3. Enhancing Educational Infrastructure

- ▲ The overall educational infrastructure in Uttar Pradesh requires substantial improvement to support better learning outcomes and increased student enrollment. Key areas for development include:
- ▲ Building and Renovating Schools: Constructing new schools in underserved areas and renovating existing ones to provide a safe and conducive learning environment.
- ▲ Access to Learning Resources: Ensuring that schools are well-equipped with modern educational resources, including libraries, laboratories, and digital tools.

4. Leveraging Technology and Innovation

Integrating technology into the educational framework can significantly enhance learning experiences and accessibility.

EVENTS

Together for a Brighter Future: Transforming Education in Uttar Pradesh

United in this mission, we have the power to transform challenges into opportunities and shape a better tomorrow for our children. Together, let's make education our top priority and lead the way to a brighter future for Uttar Pradesh.

In the month of January, we celebrated New Year which helped children know about the importance of community, cultural diversity, empathy, and giving back during New Year celebrations, fostering values of social responsibility and inclusivity.

In month of January, we celebrated Republic Day which guided children to learn about national pride, India's history, civic values, and cultural heritage. They gain a sense of unity and appreciation for democratic principles and national symbols.

In the month of February, we celebrated the onboarding of our CEO with love and affection and with a better value system for the betterment of our children's future.

In March, we celebrated forestry day, which helped children learn about the importance of environmental conservation, sustainability, and protecting natural resources.

In the month of March, we celebrated Holi, children learned about cultural diversity, community engagement, empathy, and environmental responsibility during Holi celebrations, fostering a sense of unity and social awareness.

Parental Testimony

Seeing my child read and learn on their own for the first time was an incredibly proud moment. It's amazing to watch them explore new concepts and enjoy books with such enthusiasm. This milestone not only reflects their growth but also our efforts to nurture their curiosity and love for learning. It's a reminder of how rewarding it is to support their educational journey and witness their achievements.

Since Kirti joined the E&H Foundation's Gyanshala classes in 2018, we've seen remarkable changes in her. She is more active and talkative at home, and her enthusiasm for learning is evident' Says Kirti's parents. Kirti often recites poems and is excited about her classes. We see Kirti as a curious and energetic student who loves to learn and ask questions. We're thrilled with her development and are grateful for the supportive environment at Gyanshala.

Despite our limited education, we are incredibly proud of Priyank. His dedication to school is evident, and he takes great pride in helping his sister, Kirti, with her lessons. Priyank loves playing car games on his father's mobile and enjoys outperforming his sister in this says his mother. He also reads the daily news to us, which has become a cherished routine. The E&H Foundation classes have significantly boosted his confidence and strengthened his foundation, making him stand out among his friends. We are grateful for the opportunities Priyank has received and the positive impact it has had on him and our family.

Investing in education is not just about improving literacy rates but about fostering long-term development and growth. By addressing these challenges and leveraging opportunities, Uttar Pradesh can significantly enhance its educational infrastructure and contribute to the overall progress of the state.

Newsletter

April-June 2024

The E&H Foundation invests primarily in Education.

E&H Foundation is focused on education that provides access to quality learning resources, scholarships, and support to underprivileged communities, empowering individuals with the knowledge and skills needed for a brighter future.

Initiatives taken by E&H Foundation:

- ▲ **Increasing Investment in Teacher Training:** Implementing more robust and comprehensive training programs to ensure that teachers are well-equipped with the latest pedagogical skills and knowledge.
- ▲ **Ongoing Professional Development:** Establishing continuous professional development opportunities to help teachers stay updated with educational trends and methodologies.
- ▲ **Scholarship and Incentive Programs:** Creating financial assistance programs, scholarships, and incentives to encourage families to keep their children, especially girls, in school.
- ▲ **Community Engagement:** Strengthening community involvement and awareness programs to emphasize the importance of education and support for continued schooling.
- ▲ **E-Learning Platforms:** Developing and implementing e-learning platforms to provide quality educational content and resources, especially in remote areas.
- ▲ **Digital Literacy Programs:** Introducing digital literacy programs to equip both students and teachers with essential tech skills.

EVENTS

E&H Foundation carries out events for children to gain practical knowledge to observe through activities etc. Month wise events that were carried along with the children learning from the same are listed below:

In the month of April, we celebrated international dance day, children learned about diverse dance forms, cultural expression, and the power of movement. They gain appreciation for global traditions, enhance creativity, and understand dance as a universal language.

In the month of April, we celebrated World Malaria Day, children learned about the importance of preventing malaria by sharing simple habits like sleeping under insecticide-treated nets, understanding the role of clean environments in reducing mosquito breeding, and the value of community health initiatives. E&H Foundation also highlights the global efforts in malaria eradication, inspiring children to be active participants in health awareness and advocacy.

In the month of May, we celebrated Buddha Jayanti day, children learned about concepts like compassion, non-violence, mindfulness, the value of education, respect for all cultures, environmental stewardship, and the importance of service to others from Buddha Jayanti celebrations, fostering holistic development.

In the month of June, we celebrated Yoga Day, children learned about mindfulness, physical health, and the benefits of yoga practice. They experience techniques for relaxation, flexibility, and concentration, and appreciate yoga's role in overall well-being.

In the month of June, we celebrated Eid-UI-Adha, children learned about sacrifice, empathy, community, cultural awareness, gratitude, and ethical responsibility from Eid-UI-Adha, fostering social responsibility and compassion, as emphasized by E&H Foundation in global celebrations.

Learning Programs

Events and programs enhance learning by providing interactive, hands-on experiences that engage students. They offer opportunities for real-world application of knowledge, foster collaboration, and stimulate curiosity. Through workshops, educational fairs, and extracurricular activities, children gain practical skills, reinforce classroom learning, and develop a deeper understanding of subjects.

Peer Learning Program : Peer learning classes help children by enhancing understanding through relatable explanations, boosting communication skills, and increasing engagement. They build confidence as students teach and learn from each other, provide diverse perspectives, and create a supportive environment that fosters teamwork and a deeper grasp of concepts.

The challenges in Uttar Pradesh's education system, such as the shortage of trained teachers and high dropout rates, especially among girls, highlight a critical need for targeted interventions. The E&H Foundation plays a pivotal role in bridging these gaps by providing teacher training programs, promoting community awareness about the importance of education, and offering support to keep students, particularly girls, in school. Enhancing educational infrastructure and accessibility in Uttar Pradesh is not just an investment in the state's future but a moral imperative to ensure every child can succeed.
